SALES ON THE PREMISES WHEN DESIRABLE.**Valuations and Inventories for Probate, Fire Insurance, and Distribution.**

Preface to Volume VIII.

The size of this, the first volume recording art prices at auction during the War, has undergone considerable diminution as the result of that great event. As will be seen, the first of Christie's sales, which should normally have been held in November, 1914, did not take place until April, 1915, while Sotheby's rooms remained closed to art collectors and dealers during the whole season. These circumstances were doubtless due to the fear of the effect which the War would have upon the market for pictures and engravings. As the volume shows, however, this fear proved to be ill-founded, prices on the whole being well maintained at the pre-War level. It is to be noted, however, that during the season no collections of the highest quality and importance were submitted to auction. At the same time, the prices in this volume will be found to be fully equal in general interest to those contained in previous volumes, whilst historical importance attaches to the record of the great sale at Christie's in aid of the Red Cross Fund, which extended over several days in April, 1915.

Indispensable to all
**ARTISTS, ART COLLECTORS,
 AGENTS, DEALERS, etc.**

THE YEAR'S ART 1917

A CONCISE epitome of all matters relating to the Arts of Painting, Sculpture, Engraving and Architecture, and to Schools of Design, which have occurred during the year 1916, together with information respecting the events of 1917.

**Thirty-Eighth Annual Issue
 Now Ready.**

In crown 8vo, cloth. Over 650 pages, with full-page illustrations.

Price 5s. net.

"Growing bigger annually. It is also growing better For those who have to do with art and artists the volume is simply indispensable, and it is valuable not only for current use, but as a record. In short, we do not know what we should do without it."—ATHENÆUM.
